Subject: Brown & Brown Conveyancers

Date: 27 November 2009

To whom it may concern,

I engaged Garth Brown to manage a tricky title transfer for a residential property that had already proven too difficult for another conveyancer. He brought the matter to a successful conclusion in a timely manner, and I found his services to be businesslike and effective. He was responsive to all my communications and demonstrated a commitment to my interests.

I am happy to recommend Garth Brown for any conveyancing work.
